

	Domain	Topic	Dates
Topic 1	Operations and Algebraic Thinking	Understanding Addition/Subtraction & Set Up Math Workshop	September 1-September 18
Topic 2	Operations and Algebraic Thinking	Addition Strategies	September 21-October 2
Topic 3	Operations and Algebraic Thinking	Subtraction Strategies	October 5-October 19
Topic 4	Operations and Algebraic Thinking	Working with Equal Groups	October 20-October 29
Topic 5	Number and Operations-Base Ten	Place Value to 100	November 2-November 17
Topic 6	Number and Operations-Base Ten	Mental Addition	November 18-December 2
Topic 7	Number and Operations-Base Ten	Mental Subtraction	December 3-December 14
Topic 8	Number and Operations-Base Ten	Adding Two-Digit Numbers	December 15-January 6
Topic 9	Number and Operations-Base Ten	Subtracting Two-Digit Numbers	January 7-January 26
Topic 10	Number and Operations-Base Ten	Place Value to 1000	January 27-February 10
Topic 11	Number and Operations-Base Ten	Three Digit Addition and Subtraction	February 11-March 4
Topic 12	Geometry	Geometry	March 7-March 17
Topic 13	Measurement and Data	Counting Money	March 18-March 31
Topic 14	Measurement and Data	Money	April 1-April 11
Topic 15	Measurement and Data	Measuring Length	April 12-May 6
Topic 16	Measurement and Data	Time, Graphs, and Data	May 9-May 27
Step-Up		Step-Up to Grade 3 Lessons	May 31-June 13

	Classroom Based Assessments
Lesson	Quick Check, Independent Practice
Topic	Topic Test, Performance Task
Domain	Domain Test, Performance Task

Common District Assessments
Beginning of the Year Assessment
Middle of the Year Assessment
End of the Year Assessment
Fall Fluency Assessment
Winter Fluency Assessment
Spring Fluency Assessment
Performance Task for each Domain
